Dear folks:

Yours of the ninth
to hand & was glad to note
that you are enjoying good
health as I am at present.

We are having our usual
amount of rain & mud but
we are used to it by now. It
is not very cold though &
except for freezing up some
of the mud at night it
maintains a fairly high
temperature considering

~~the~~ time of the year.

I am having a few days rest, as the result of a smash-up with another motorcycle a few nights ago; while my machine is being fixed up. There is not nearly as much night work since the close of the war as before & as lights can now be used I will take advantage of the right hereafter. During the two months we spent in the Argonne sector, north of Verdun we had to ride

at present it seems as if
we would stay in our present
location for some time,
+ may not have to go into
Germany after all. Although
I wouldn't mind seeing
what the country looks
like I don't like the idea
of moving in that direction,
the opposite would suit me
much better.

Well folks as there isn't
anything else of interest
I will close, with love,
Yes.

~~night~~ and day almost con-
tinually & without lights
so it will be quite a rare
pleasure to ride at night
after I get a lighting outfit
put on my machine.

In regards to socks &
meant to tell you before
that I am well supplied
so you needn't worry about
sending me any. The
candy from Marshall Field's
& the Christmas fox will be
a very welcome gift however.
By the looks of things
